

GAZETTE

5,000th Block

March 4th, HempWood has passed a milestone in production. HempWood began manufacturing HempWood on August 26, 2019. In just over a year, the HempWood team manufactured the 5,000th block within the Murray, KY factory. The HempWood team has worked tirelessly to achieve this goal. "Overall, we are very proud of this achievement, Charles Harris."

New Products

Custom cabinets and cabinet kits are now available for purchase at www.hempwood.com HempWood cabinets and kits come in two varieties: Glass Door Display Cabinet and Solid Door Cabinet. Just like all HempWood products, there are no added VOC's and is 20% harder than oak. Additionally, all kits come with full instructions and videos. Or if building is not your style, HempWood is able to assemble the cabinet for you.

NOCO Hemp Expo

NOCO Hemp Expo is March 25-27, 2021 in Denver, CO at the National Western Complex. HempWood will be there to showcase some new products. If you are in the area, HempWood would be willing to bring your purchases to the expo. That way you can forgo the shipping costs. If interested, please contact via email at sales@hempwood.com or call at (888) 338-1235

ISO: Hemp Farmers

As many of us know, the growing season for hemp is coming upon us. As a reminder, 2021 grower applications and license renewal are due on March 15th. HempWood is currently seeking farmers within a 100-mile radius to produce fiber hemp in 5–20-acres per patch. Additionally, it is preferred that hemp is cut and baled quickly. For further information, please email farm@hempwood.com
