

# HEMPWOOD®

## GAZETTE

**ANNOUNCEMENT:** Mother's Day will be here before you know it. Make sure to let mom know she is appreciated. A HempWood picture frame for your family picture would make the perfect addition to mom's decor! Go to [www.hempwood.com](http://www.hempwood.com) to find more information.

### Hemp Growing Season

The hemp growing season is quickly approaching! Most of the farmers within the area will be planting at the end of this month or early May. HempWood® is happy to be able to support our local farmers by using hemp within 100 miles of our factory. With the upcoming season, we hope that our local farmers will have a plentiful crop!

### New Production Line

Big News! HempWood® will begin setting up a new floor and panel processing line in Murray, KY. Because HempWood® is dedicated to providing our customers with superior eco-friendly products, we decided to expand. By staying local to our roots, we can still support our local farmers and provide employment to our community. Contact [sales@hempwood.com](mailto:sales@hempwood.com) for information on our dealer program.

## NoCo Hemp Expo Recap

This past month our team travelled to Denver, CO to the NoCo Hemp Expo. This event provided our team the opportunity to collaborate with other hemp enthusiasts. While at NoCo, the truck and trailer were stolen not once, but twice. While the truck and trailer are both still missing, we can conclude that the experience at NoCo was a positive one. If you were at NoCo and provided contact information to our team, please reconnect at [sales@hempwood.com](mailto:sales@hempwood.com). As always, thank you for your support!

## Earth Day

Earth Day falls on April 22<sup>nd</sup> this year. Established in 1970, Earth Day serves as a day to remind us that if we care for the Earth the Earth will care for us. At HempWood®, we are committed to being sustainable and eco-friendly. As we celebrate this upcoming Earth Day, let us remember the importance of our home and shed light on the threats to our planet, such as deforestation. HempWood® wishes you a “Happy Earth Day!”
