

HEMPWOOD®

GAZETTE

ANNOUNCEMENT: We are seeking photos of your HempWood® flooring! If you have installed your flooring, send us a picture. We would love to feature your new floor on our social media. To submit photos, email atrombetti@hempwood.com

Flooring Mill

In April, we announced the soft opening of our new flooring production line. After dialing in our skills and new equipment, flooring orders are heading out the door! Zach Fry, real estate broker, said that he loves his new HempWood® flooring. "It's extraordinarily high quality and wears well, but beyond that, it's a great conversation starter," Fry said. If you have been considering ordering flooring, give us a call today! Orders are lining up quickly, so make sure to secure a spot in the production schedule. Email sales@hempwood.com to get started!

August 5th Mellwood Art Center

KYHA Annual Conference

The Kentucky Hemp Association 6th Annual Conference and Tradeshow will be taking place August 5th in Louisville, Ky at the Mellwood Art Center. The conference begins at 8:30 AM and will conclude at 5 PM. This conference serves as an opportunity to educate and network for those who are involved within the hemp space. HempWood® CEO Greg Wilson will be a panelist for the Hemp Fiber Discussion. For more information, go to www.kyhempassociation.org

Dealer Program

Do you support made-in-America products? Are your customers looking for eco-friendly alternatives to flooring? Look no further because you are just in luck. Here at HempWood®, we are expanding our dealer program. If you are a retailer or floor installer, contact us today. There are many incentives for becoming a dealer for HempWood® and carrying a product that helps the environment is just one of them. Email gwilson@hempwood.com to get started.

Hemp Growth Update!

Here's your monthly hemp update! The hemp at the Murray State University farm is doing excellent! The plants are well over 10ft tall now. The frequent pop-up storms and high humidity of Kentucky have had a tremendous impact on the success of the crop this year. As the fiber hemp matures, harvest will soon be approaching. For more updates on the hemp, make sure to follow our social media!
