

# HEMPWOOD®

## GAZETTE

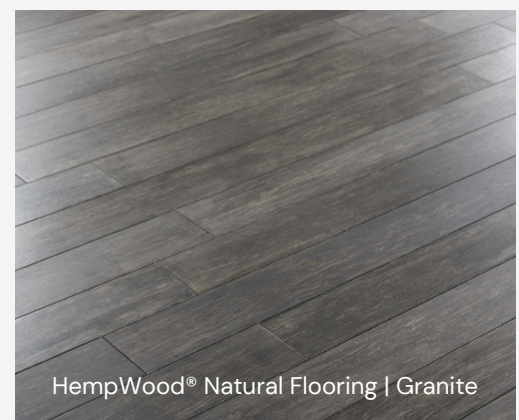

## HAPPY CUSTOMER

Another happy customer! Ria from Houston, TX said, "We had our old pine floors sanded and restained in 2020 and they didn't come out great and were all scratched up from the dogs.

We had been contemplating new floors and were looking at vinyl but I wasn't sold on it and then I saw Christina's post about HempWood and did some research and determined it was a good choice for us (my husband has a crush on her so convincing him was fairly easy).

I love that it is made in the US, is sustainable, contains "clean" ingredients, is scratch resistant and the granite color was exactly what we were looking for to update our home."

**CUSTOM SIGNAGE**

## MT SUMMER SUMMIT

IND Hemp is hosting the Montana Summer Summit from August 8-10th in Fort Benton, MT. "Industry leaders from grain and fiber are given an opportunity to discuss hemp and the obstacles they face in this industry, as well as celebrate successes together." HempWood® Founder Greg Wilson will be in attendance to further collaborate with industry leaders.

## SOUTHERN HEMP EXPO

The Southern Hemp Expo will be taking place in Nashville, TN at the Fairgrounds Nashville from August 18-20th. The Southern Hemp Expo is considered to be the premier hemp expo for the southeast region. HempWood® Founder Greg Wilson will be presenting on the Hemp Skyscrapers and More: Industrial Applications & Opportunities in Construction, Composites, and Plastics Panel.

## CUSTOM SIGNAGE

Perfect for displaying at tradeshow, storefronts, offices, meeting areas, and whatever else you can think of! Our standard sign dimensions are 12 inches by 5 inches. Each sign is also completed with a finish that protects the engraving from smudges and highlights the natural grain pattern of the material. Have a custom idea in mind? Reach out to our team today!
