

HEMPWOOD[®]

GAZETTE

GETTING INSPIRED

HempWood was recently featured in an Inspirational Palette curated by Material Bank.

Material Bank is the largest material marketplace in the architecture and design community. Material Bank serves over 90,000 design professionals.

The palette features "A full-grain leather features a two-tone, tipped grain effect for a soft touch, while the navy hues of a patterned upholstery fabric are mirrored in a deeply saturated shade of paint and offset by lightly colored wood and bronze metal."

NEW VIDEO SERIES

As the only manufacturer of HempWood, we often receive questions about our process and what actually goes into making HempWood. Considering the amount of interest, we have decided to publish a video series that highlights each procedure that goes into making HempWood. From hemp to floor, you'll get the inside scoop on [*How the heck do we make HempWood.*](#)
